IU Health Living Donor Celebration

Living donors save lives.

Your gift of living donation gave someone his or her life back. The IU Health Transplant team looks forward to honoring you and other living donors from the past two years at the biennial Living Donor Celebration.

The special evening includes a 5:15 pm reception and 5:45 pm program at the Indiana Convention Center, followed by a 7:05 pm Indianapolis Indians baseball game at Victory Field in Downtown Indianapolis.

Formal invitation to follow. We hope you can join us.
